

COLOURS OF AUSTRALIA

Digital 3D

Colours of Australia is a unique snapshot of Australia in all its glory. Focusing on the diverse people, landscapes, cultures and cities that make Australia such a wonderful place.

Colours of Australia was entirely scripted, shot and produced by Jumbo Vision using state-of-the-art 3D stereoscopic technologies.

Currently touring through Germany, this fun ride will begin screening in Australia soon – so come join us on a journey through this surprising land!
